Quick and Dirty Fighting contains clear, concise instructions on how to improvise weapons and how to use them. Most of these weapons can be improvised within seconds. In certain situations you will not have a long time to make a weapon to defend yourself, more often, you will just have to rely on what you can pick up and use immediately. This book will show you how and where to strike to use your weapon effectively. Some of the descriptions are very graphic, this is because these methods are real. All these methods have been used in real life situations and the results are not sugar coated.
