restructuring of the industry is analyzed in the context of its pre-1990 development and in the context of the East European automobile industry as a whole.

Specifically, the book examines the development and post-1990 restructuring of the Czech car, components, and truck industries.

Renault Kerax Magnum

in a veritable tailspin, muscle cars and the massive "need-for-speed" engines of the late '60s were out, and fuel efficient compacts were in. By 1980, American manufacturers were churning out some of the most feature laden, yet smallest and most fuel efficient cars they had ever built. This exhaustive reference work details
