The 2000 Chrysler 300M features a halogen headlight capsule that inserts into the headlight assembly. Unlike many other cars, the 300M requires the removal of several components in order to change the light. Permitting the dealer or a repair station to replace the bulb results in high labor charges. But you can do it yourself in just a few steps.

Professional technicians have relied on the Chilton Labor Guide estimated repair times for decades. This latest edition expands on that reliability by including technical hotline feedback and research from professional labor experts. The labor times reflect actual vehicle conditions found in the aftermarket, including rust, wear and grime. Available in both hardcover and CD-ROM, this completely revised manual provides thousands of labor times for 1981 through current year domestic and imported vehicles. All times reflect technicians' use of aftermarket tools and training.
