Explores one of the biggest questions of historical debate: how among Eurasia's interconnected centers of power, it was Europe that came to dominate much of the world.

Presents a multifaceted model of understanding, which is based on the premise that people can demonstrate understanding in a variety of ways.

THE CLASSIC NATIONAL BESTSELLER "A wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future." —Howard Fast Historian Howard Zinn ' s A People ' s History of the United States chronicles American history from the bottom up, throwing out the official narrative taught in schools—with its emphasis on great men in high places—to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, it is the only volume to tell America's story from the point of view of—and in the words of—America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As Zinn shows, many of our country's greatest battles—the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality—were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States features insightful analysis of the most important events in our history. This edition also includes an introduction by Anthony Arnove, who wrote, directed, and produced The People Speak with Zinn and who coauthored, with Zinn, Voices of a People ' s History of the United States.

This new edition of CliffsNotes AP European History Cram Plan calendarizes a study plan for AP European History test-takers depending on how much time they have left before they take the May exam.

The first time Melanie Ross meets April Hall, she ' s not sure they have anything in common. But she soon discovers that they both love anything to do with ancient Egypt. When they stumble upon a deserted storage yard, Melanie and April decide it ' s the perfect spot for the Egypt Game. Before long there are six Egyptians, and they all meet to wear costumes, hold ceremonies, and work on their secret code. Everyone thinks it ' s just a game until strange things start happening. Has the Egypt Game gone too far?

With a critical eye aimed at earlier accounts of Constantine's life, the author aims to provide the most comprehensive, authoritative and readable account of the Roman emperor's extraordinary life.

This edition of Álvaro Núñez Cabeza de Vaca's Relación offers readers Rolena Adorno and Patrick Charles Pautz's celebrated translation of Cabeza de Vaca's account of the 1527 Pánfilo de Narváez expedition to North America. The dramatic narrative tells the story of some of the first Europeans and the first-known African to encounter the North American wilderness and its Native inhabitants. It is a fascinating tale of survival against the highest odds, and it highlights Native Americans and their interactions with the newcomers in a manner seldom seen in writings of the period. In this English-language edition, reproduced from their award-winning three-volume set, Adorno and Pautz supplement the engrossing account with a general introduction that orients the reader to Cabeza de Vaca's world. They also provide explanatory notes, which resolve many of the narrative's most perplexing questions. This highly readable translation fires the imagination and illuminates the enduring appeal of Cabeza de Vaca's experience for a modern audience.

The American-born author describes her family's experiences and impressions when they were forced to relocate to a camp for the Japanese in Owens Valley, California, called Manzanar, during World War II, detailing how she, among others, survived in a place of oppression, confusion, and humiliation. Reissue.
