~~Old Testament~~
Bible is the only document ever written that is completely accurate. Every archaeological discovery that describes people, places, or events mentioned in the Bible has pointed to the accuracy of the biblical record. In fact many archaeologists have become believers in the Bible because of its accuracy."

Levantine archaeology.

Biblical archaeology studies archaeological sites from the Ancient Near East and especially the Holy Land, from biblical times.

Biblical archaeology emerged in the late 19th century, by British and American archaeologists, with the aim of confirming the historicity of the Bible. Between the 1920s, right after World War I, when Palestine came under British rule and the 1960s, biblical archaeology

dismissed as myths. Biblical archaeology has silenced many critics as new discoveries supported the facts of the Bible.

~~Archaeology and the Old Testament | Bible.org~~

Archaeologists once boasted that the Bible was full of errors because no independent, historic evidence had been found to confirm the Bible's claims. But a slew of astounding discoveries has put a damper on their boasting. - Archaeology provides us with fascinating and amazing affirmations of Scripture's accuracy and trustworthiness.
