Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

As a mom of two little boys, I was inspired to share humorous stories of my two sons through their toddler years (which are not yet quite over). This book contains twenty two pages of hand-drawn illustrations showcasing a mother of two little boys coming to the realization she can't have nice things, at least for a little while. While names have been changed to protect the "innocent", these stories are all true. The books ends on a sweet note that all parents share, that sacrificing nice things for our sweet children really isn't difficult at all.

#1 NEW YORK TIMES BESTSELLER A REESE WITHERSPOON x HELLO SUNSHINE BOOK CLUB PICK A PENGUIN BOOK CLUB PICK "Beautifully written and incredibly funny. . . I fell in love with Eleanor; I think you will fall in love, too!" --Reese Witherspoon Smart, warm, uplifting, the story of an out-of-the-ordinary heroine whose deadpan weirdness and unconscious wit make for an irresistible journey as she realizes the only way to survive is to open her heart. No one's ever told Eleanor that life should be better than fine. Meet Eleanor Oliphant: She struggles with appropriate social skills and tends to say exactly what she's thinking. Nothing is missing in her carefully timetabled life of avoiding social interactions, where weekends are punctuated by frozen pizza, vodka, and phone chats with Mummy. But everything changes when Eleanor meets Raymond, the bumbling and deeply unhygienic IT guy from her office. When she and Raymond together save Sammy, an elderly gentleman who has fallen on the sidewalk, the three become the kinds of friends who rescue one another from the lives of isolation they have each been living. And it is Raymond's big heart that will ultimately help Eleanor find the way to repair her own profoundly damaged one.

Bestselling author of *Return to Love* and *Law of Divine Compensation*, Marianne Williamson shows people how to live without fear or worry in *The Gift of Change*. The time in which we now live is more difficult and stressful than people are willing to admit. We live with an abiding sense of collective anxiety. Williamson shows how we are paralyzed in our current state of fear and anger because we are not facing and dealing with the true causes of our anxieties and fears. Williamson reveals that fear and worry do not need to be the only tools in our tool box for dealing with problems in the world. As we learn to trust God and the love that surrounds us and guides us, we will see that what causes us pain is an opportunity for growth, healing, and miracles that can transform us and our world. Williamson delivers hope and healing as she illuminates ten basic changes that each of us can make as we learn to view the world through the eyes of love instead of fear.

Debunks the "nice guy syndrome," the need to please others at one's own expense with the hope of receiving happiness, love, and fulfillment, and offers advice for how to rediscover oneself, revive one's sex life, and build better relationships with others.
