"No dragons, but [Crystal Singer] has all of [Anne] McCaffrey's gifts for world-building and characterization . . . an excellent book."—Chicago Sun-Times Her name was Killashandra Ree; and after ten grueling years of musical training she was young, beautiful—and still without prospects. Then she heard of the mysterious Heptite Guild on the planet Ballybran, where the fabled Black Crystal was found. For those qualified, the Guild was said to provide careers, security, and the chance for wealth beyond imagining. The problem was, few people who landed on Ballybran ever left. To Killashandra the risks were acceptable . . .

A Crystal Singer novel—a captivating blend of adventure, intrigue and romance. Killashandra Ree's life was one of catastrophic changes. She had joined the Heptite Guild to become a crystal singer, get rich, and forget her past. And at first everything went just as she had hoped. In one season on the deadly beautiful world of Ballybran, she had sung Black Crystal, grown wealthy, and met a man who made her sorrows seem unworthy of notice. But then, a year later, a devastating storm turned her claim to useless rock. In short order she was broke, she had crystal sickness so bad she thought she'd die, and the only way she could be true to the man she loved was to leave him. . . .

This is a collection of three novels about the brave and tragic people of Ballybran, the crystal singers. This volume includes The Crystal Singer, Killashandra, and Crystal Line.

From the Hugo and Nebula award-winning authors comes the Petaybee series, full of gripping fantasy and daring adventure. Strange things are happening on the icy planet of Petaybee: Unauthorized genetically engineered species have been spotted; geologic survey teams sent to locate newly detected mineral deposits are either coming up empty or disappearing altogether. And the locals aren't talking—especially not to the company bent on exploiting the planet. Disabled combat veteran Yanaba Maddock seems to be the perfect spy for the company. The frailty that was a liability in the military allows her to gain the trust of the Petaybean natives. But miraculously, with Yana's relocation to the arctic planet comes the return of her health and strength. And the closer she gets to the people of Petaybee, the more determined she is to protect her new home. For something unusual and wonderful is happening

on Petaybee. Something worth fighting for, even dying for—but especially, something worth living for. . . .

The planet Pern has been colonized for centuries by humans. When humans first settled on this world, they did not take notice of its sister planet, which had an indigenous life form that attempted to land on Pern when it came within reach. These silver "threads" fell in a destructive wave on the temperate lands of Pern once every 200 years, destroying all life they encountered. To combat this menace, the inhabitants of Pern developed a species of dragon that could burn these threads out of the sky before they touched down. Now, centuries have passed between threadfalls, and the danger of thread is considered a myth. However, a dragon rider named F'lar knows that the riders are once again needed.

"McCaffrey's world of the Talented is as vivid as that of Pern and its dragons."—Publishers Weekly When a freak accident furnishes solid scientific proof of paranormal mental abilities, the world reacts with suspicion and fear. How can ordinary people coexist with a minority able to read minds, heal with a touch, peer into the future, or move objects with a thought? How can anyone with such power be trusted not to abuse it? Harsh repression seems the only answer. Gifted with precognitive talent, Henry Darrow has other ideas, foreseeing a future in which the Talents are accepted for what they are and not what they can offer their fellow humans. But the road to that future will not be easy. Darrow and the powerful telepath Daffyd op Owen must win the public's trust while overcoming the threat of rogue Talents like Solange Boshe, a young girl so consumed with hatred that her thoughts can kill, and the singer known as Amalda, whose telepathic prowess can unite a thousand strangers in joyful harmony—or mold them into a bloodthirsty mob. . . .

A classic sci-fi novel from the beloved author of the Dragonriders of Pern® series She was a restoree, kidnapped. Torn from Earth by a bizarre and nameless black force, Sara had no idea where she was or why she was in a beautiful new body. Controlled by brutal guards and tamed by terror, she could not comprehend her role as a nurse for a man who appeared to be an idiot. But once she discovered that the planet she had been brought to was Lothar and that the man she was caring for was its regent, Sara knew the restorees had to escape—and fast. And when they did, they became fugitives on a world of multiple evils—bound together on a daring adventure that would either join them for all time . . . or separate them forever.

Helva had been born human, but only her brain had been saved—saved to be schooled, programmed, and implanted into the sleek titanium body of an intergalactic scout ship. But first she had to choose a human partner—male or female—to share her exhilarating escapades in space! Her life was to be rich and rewarding . . . resplendent with daring adventures and endless excitement, beyond the wildest dreams of mere mortals. Gifted with the voice of an angel and being virtually indestructable, Helva XH-834 antipitated a sublime immortality. Then one day she fell in love!

The spellbinding sequel to "Powers That Be," by Hugo and Nebula Award-winning authors Anne McCaffrey and Elizabeth Ann Scarborough. The natives of Petaybee claimed their planet was sentient, but the officials of Intergal did not believe them . . . or want to believe them. The planet was rich in valuable ore, and Intergal was determined to mine that ore no matter what the cost. Yanaba Maddock, once a company spy, was adopted by the planet and its people as one of their own. Now her loyalties are to Petaybee, not Intergal, and she is dedicated to keeping Intergal from killing the world she has come to love. But without proof of the planet's sentience, Intergal will proceed with its mining operations. Can Yana find a way to convince Intergal of Petaybee's sentience before it is too late?
