Resilience and emergence of Fintech firms under lockdown will drive sector to key European locations post Covid-19. As Europe starts to come out of lockdown and occupier activity on the continent returns to the 'new normal', demand for office space from fintech companies is likely to prove resilient, according to Savills. This is predominantly due to the structural changes that have taken place under lockdown, with the temporary closure of most business premises,

Over the last few years, a crop of fintech startups has emerged, using technology to make it easier for people to invest, make payments and even get a loan. For millennials, it's particularly appealing because they grew up with mobile devices and want to conduct financial transactions the same way they would share pictures or apply for a job.
