Presents a portrait of Emma McCune, a young relief worker in the Sudan, who married a local warlord, and describes her involvement in his violent quest to seize control of southern Sudan's rebel movement.

All she wanted was her husband to come home... Newly married to the caring RAF pilot Jonathan Reece, Emma thinks that life couldn't be better. But her happiness is short-lived: within months, Jon's plane is shot down over France and he is declared missing, presumed dead. Alone and with two children to care for, Emma's first thought is how to support her family. But when she makes a new friend in the American businessman Jack Harvey, she is faced with a difficult decision. Should she take a last chance at happiness? The second book in the 'Emma' trilogy – a warm, nostalgic saga, perfect for fans of Katie Flynn (Note: previously published as *The Bonds That Break* by Linda Sole)

Acclaimed by critics and readers on its first publication in 1987, winner of the Locus Award for Best First Novel, *Emma Bull's War for the Oaks* is one of the novels that has defined modern urban fantasy. Eddi McCandry sings rock and roll. But her boyfriend just dumped her, her band just broke up, and life could hardly be worse. Then, walking home through downtown Minneapolis on a dark night, she finds herself drafted into an invisible war between the faerie folk. Now, more than her own survival is at risk—and her own preferences, musical and personal, are very much beside the point. By turns tough and lyrical, fabulous and down-to-earth, *War for the Oaks* is a fantasy novel that's as much about this world as about the other one. It's about real love and loyalty, about real music and musicians, about false glamour and true art. It will change the way you hear and see your own daily life. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"Nimo's War, Emma's War is unique in examining the gendered dimension of the Iraq war, particularly its impact on ordinary Iraqi and American women, thereby revealing an important long-term cost of the conflict. Cynthia Enloe's approach and analysis are extremely original and innovative."--Nadje Al-Ali, author of *What Kind of Liberation?: Women and the Occupation of Iraq* "Nimo's War, Emma's War is Cynthia Enloe's darkest and most strikingly conceived text to date. War is not 'in' Iraq and Afghanistan, where foreign militaries confront local people, rather it is everywhere, most particularly in 'peacetime' domestic spaces, 'civilian' employment, marital bedrooms and high schools."--Terrell Carver, author of *Politics, Language and Metaphor* "Cynthia Enloe has pioneered the subject of women, militarism, and

war in a series of revelatory books, including Bananas, Beaches, and Bases, The Morning After: Sexual Politics at the End of the Cold War, and Maneuvers: The International Politics of Militarizing Women's Lives. Nimo's War, Emma's War is her best one yet."--Chalmers Johnson, author of The Blowback Trilogy "Brilliantly researched, vividly written, Cynthia Enloe has gifted us with a new and different story of modern warfare. Entirely gripping and profoundly humane, every page raises new issues. To factor in Nimo and Emma--all the women and families touched by the carnage and agony of war, is to see the bitter range of tragedy community by community. To read this book is to ask: What are we doing to our children--all our children, combatants and civilians? How do women cope with post-war wounds and violence--agony, wreckage, displacement? Cynthia Enloe's book is essential reading for all students and journalists, public citizens and peace activists, who seek women's dignity, healthy societies, humane alternatives to the insanity of careless military destruction."--Blanche Wiesen Cook, author of The Declassified Eisenhower, Eleanor Roosevelt (vols I & II, III forthcoming)

In 1861, when war erupted between the States, President Lincoln made an impassioned plea for volunteers. Determined not to remain on the sidelines, Emma Edmonds cropped her hair, donned men's clothing, and enlisted in the Union Army. Posing in turn as a slave, peddler, washerwoman, and fop, Emma became a cunning master of disguise, risking discovery and death at every turn behind Confederate lines.

Sarah Emma Edmonds started pretending at a very early age. Her father only wanted sons, so Sarah pretended to be one. Unlike most kids, though, Sarah never really stopped pretending. In 1861, during the U.S. Civil War, Sarah pretended her way into the Union Army, becoming a male nurse named Frank Thompson. Being a nurse didn't quite satisfy "Frank," though. She wanted to keep her fellow soldiers from getting hurt. So when the Union Army needed a spy, she leapt at the chance. While still pretending to be Frank, Sarah also pretended to be a male African American slave, a female Irish peddler, and a female African American laundress. She slipped behind enemy lines time after time, spied on the Confederate Army, and brought back valuable intelligence to the Union. Sarah was not only good at pretending; she was also very brave. Later in life, Sarah Emma Edmonds wrote a book to tell her story. She explained, "I am naturally fond of adventure, a little ambitious, and a good deal romantic." She was also truly a great pretender.

Recounts the story of the Canadian woman who disguised herself as a man and slipped behind Confederate lines to spy for the Union army.

Emma McCune's passion for Africa, her unstinting commitment to the children of Sudan, and her youthful beauty and glamour set her apart from other relief workers from the moment she arrived in southern Sudan. But no one was prepared for her decision to marry a local warlord—a man who seemed to embody everything she was working against—and to throw herself into his violent quest to take over southern Sudan's rebel movement. With precision and insight, Deborah Scroggins—who met McCune in Sudan—charts the process by which McCune's romantic delusions led to her descent into the hell of Africa's longest-running civil war. Emma's War is at once a disturbing love story and an up-close look at Sudan: a world where international aid fuels armies as well as the starving population, and where the northern-based Islamic government—backed by Osama bin Laden—is locked in a war with the Christian and pagan south over religion, oil, and slaves. A timely, revelatory account of the nature of relief work, of the men and women who choose to carry it out, and of one woman's sacrifice to its ideals.

Here is a true story of how the great nations of America and England almost went to war in 1859 over a pig--but learned to share instead. In 1859, the British and Americans coexist on the small island of San Juan, located off the coast of the Pacific Northwest. They are on fairly good terms--until one fateful morning when an innocent hog owned by a British man has the misfortune to eat some potatoes on an American farmer's land. In a moment of rash anger, Lyman Cutlar shoots Charles Griffin's pig, inadvertently almost bringing the two nations to war. Tensions flare, armies gather, cannons are rolled out . . . all because of a pig! Emma Bland Smith's humorous text and Alison Jay's folksy illustrations combine in this whimsical nonfiction picture book that models the principles of peaceful conflict resolution.

Love, corruption, violence and the dangerous politics of aid in the Sudan, by an exciting new writer.
