A true, bestselling story from the battlefield that faithfully portrays the horror, the madness, and the trauma of the Vietnam War More than half a million copies of Chickenhawk have been sold since it was first published in 1983. Now with a new afterword by the author and photographs taken by him during the conflict, this straight-from-the-shoulder account tells the electrifying truth about the helicopter war in Vietnam. This is Robert Mason's astounding personal story of men at war. A veteran of more than one thousand combat missions, Mason gives staggering descriptions that cut to the heart of the combat experience: the fear and belligerence, the quiet insights and raging madness, the lasting friendships and sudden death!the extreme emotions of a "chickenhawk" in constant danger. "Very simply the best book so far about Vietnam." -St. Louis Post-Dispatch

The aeroscouts of the 1st Infantry Division had three words emblazoned on their unit patch: Low Level Hell. It was then and continues today as the perfect concise definition of what these intrepid aviators experienced as they ranged the skies of Vietnam from the Cambodian border to the Iron Triangle. The Outcasts, as they were known, flew low and slow, aerial eyes of the division in search of the enemy. Too often for longevity's sake they found the Viet Cong and the fight was on. These young pilots (19-22 years old) invented! the book as they went along. Praise for Low Level Hell **!An absolutely splendid and engrossing book. The most compelling part is the accounts of his many air-to-ground engagements. There were moments when I literally held my breath.!!**Dr. Charles H. Cureton, Chief Historian, U.S. Army Training and Doctrine (TRADOC) Command **!Low Level Hell is the best !bird's eye view! of the helicopter war in Vietnam in print today. No volume better describes the feelings from the cockpit. Mills has captured the realities of a select group of aviators who shot craps with death on every mission.!!**R.S. Maxham, Director, U.S. Army Aviation Museum

Rattler One-Seven puts you in the helicopter seat, to see the war in Vietnam through the eyes of an inexperienced pilot as he transforms himself into a seasoned combat veteran. At the age of twenty, Chuck Gross spent his 1970??1 tour with the 71st Assault Helicopter Company flying UH-1 Huey helicopters. He inserted special operations teams into Laos and participated in Lam Son 719, a misbegotten attempt to assault and cut the Ho Chi Minh Trail, during which his helicopter was shot down and he was stranded in the field.

"19 Minutes to Live" illustrates the incredible courage and determination of helicopter pilots and crews supporting those heroes that carried a rucksack and a rifle in Vietnam. Over 12,000 helicopters were used in the Vietnam War, which is why it became known as "The Helicopter War". Almost half of the helicopters, 5,086, were lost. Helicopter pilots and crews accounted for nearly 10 percent of all the US casualties suffered in Vietnam, with nearly 5,000 killed and an untold number of wounded. Lew Jennings flew over 700 Air Cavalry Cobra Gunship Helicopter missions and received Three Distinguished Flying Crosses for Valor. This memoir describes first-hand the harrowing experiences of helicopter pilots and crews in combat operations, from the far South to the DMZ, including the infamous Ashau Valley, Hamburger Hill, LZ Airborne and others.

Tracer fire streaked through the sky like angry bolts of lightning....Metal crunched and the helicopter shook. Smoke and flames began to fill the aircraft. They were going to crash... Major Adams flew low over the treetops in his Huey, expertly dodging enemy ground fire until his helicopter was shot down. On Firebase 6, 1st Lieutenant Brian Thacker fought desperately to provide the besieged men the time they needed to retreat. They had to get into the helicopters before they were overrun by the North Vietnamese. Will the calls for artillery fire be enough to turn the tide of this battle? Will Lieutenant Thacker or Major Adams survive? Join Lieutenant Dan Cory as he returns to Vietnam with his old unit, flying north from Lai Khe to Dak To. Undaunted Valor recounts the battle that took place on Firebases 5 and 6 in Dak To that resulted in two men receiving the Medal of Honor. Matt Jackson recounts some of the most intense helicopter and ground combat action of the Vietnam war from the eyes of a man who spent two combat tours there. His accounts reveal the dedication the helicopter crews had to each other and the grunts they supported. Awarded the Silver Star for his own actions in the battle, Matt brings a realism to this long-forgotten battle that continues to play out in the minds of those who fought it. If you love heart-pounding action, visceral battles, and true tales of heroism, grab your copy of Undaunted Valor today.

Combat helicopter pilots in the Vietnam War flew each mission facing the possibility of imminent death. Begun as a series of attempted letters to the Department of Veterans Affairs, this compelling memoir of an aircraft commander in the 116th Assault Helicopter Company**!!The Hornets!!**relates his experience of the war in frank detail. From supporting the 25th Infantry Division's invasion of Cambodia, to flying the lead aircraft in the 101st Airmobile Division's pivotal Operation Lam Son 719 invasion of Laos to cut the Ho Chi Minh Trail at LZ Hope, the author recounts the traumatic events of his service from March 1970 to March 1971.

This is the true story of Master Sergeant David M. Burns, an aerial gunner assigned to the deadliest squadron in air force history. Aboard the AC-130 Spectre gunship, he flew a total of 287 combat missions over Laos, South Vietnam, and Cambodia, in pursuit of the truck traffic coming down the Ho Chi Minh Trail. His squadron destroyed more than fifteen thousand trucks loaded with war munitions destined for South Vietnam and Cambodia. Despite heavy and constant anti-aircraft and missile fire, the loss of six aircraft and the lives of fifty-two men, the crew never wavered in its dedication to the mission. Master Sergeant Burns has a distinguished military career that began in 1951 at the age of fifteen. He served one tour of duty in Phan Rang, South Vietnam, in 1967, and four tours of duty in the 16th Special Operations Squadron in Southeast Asia as an aerial gunner, lead gunner, and instructor gunner. He served in both the United States Navy and Air Force, earning three Distinguished Flying Crosses for heroism, twenty-seven Air Medals, as well as a Bronze Star, Purple Heart, Presidential Unit Citation, Armed Forces Expeditionary Medal, Vietnam Cross of Gallantry with Palm, Vietnam Service Medal with nine battle stars, and other decorations from the Korean War. He was wounded twice and is credited with saving the lives of fourteen crewmembers. This is his story.

Nicknamed "Mini-Man" for his diminutive stature, a mere five-foot-three and 125 pounds in his flight boots, chopper pilot Ron Alexander proved to be a giant in the eyes of the men he rescued from the jungles and paddies of Vietnam. With an unwavering concern for every American soldier trapped by enemy fire, and a fearlessness that became legendary, Ron Alexander earned enough official praise to become the second most decorated helicopter pilot of the Vietnam era. Yet, for Ron, the real reward came from plucking his fellow soldiers from harm's way, giving them another chance to get home alive. In Taking Fire, Alexander and acclaimed military writer Charles Sasser transport you right into the cramped cockpit of a Huey on patrol, offering a bird's eye view of the Vietnam conflict. Packed with riveting action and gritty "you-are-there" dialogue, this outstanding book celebrates the everyday heroism of the chopper pilots of Vietnam.

You-are-there stories of ambushes and patrols on the Mekong in the Vietnam War Developed specifically for the Vietnam War (and made famous by the 2004 presidential campaign), Swift Boats were versatile craft **!big enough to outrun anything they couldn't outfight!** but too small to handle even a moderate ocean chop, too loud to sneak up on anyone, and too flimsy to withstand the mildest of rocket attacks. This made more difficult an already tough mission: navigating coastal waters for ships and sampans smuggling contraband to the Viet Cong, disrupting enemy supply lines on the rivers and canals of the Mekong Delta, and inserting SEALs behind enemy lines. The stories in this book cover the Swift Boats' early years, which saw search-and-inspect operations in Vietnam's coastal waters, and their later years, when the Swift Boats' mission shifted to the Mekong Delta's labyrinth of 3,000 miles of rivers, streams, and canals. This is an intimate, exciting oral history of Swift Boats at war in Vietnam.
