In adventure races, teammates work together to finish an obstacle course as quickly as possible. Authors Dan DeJager and Cathrine Himberg provide everything you need to know to prepare for and teach an adventure racing unit at your school or lead an adventure racing event in any environment with any group of people. Ideal for either a field day or a regular class period, Adventure Racing Activities for Fun and Fitness provides teachers and youth leaders with a new way to get kids excited about physical activity, instill healthy habits, and meet NASPE national physical education standards. More than that, it meets kids' standards of having fun while being physically active.

Adventures in the Afterlife is a powerful journey of spiritual awakening; a bold quest for answers and enlightenment. The old assumptions of heaven are confronted and an expansive new vision of our continuing life is presented. After being diagnosed with cancer, William Buhlman, author of Adventures Beyond the Body, pursued answers to the mysteries of our existence after death. Confronting his mortality, he experienced profound insights into what lies beyond our physical body. Our journey into the next life is the basis for Adventures in the Afterlife. The author chronicles his out-of-bodyexperiences and lucid dreams through the eyesof a fictional character, Frank Brooks. The insights are sometimes surprising, but a clear message is always apparent; we are powerful, spiritual beings and we shape our reality now and in the future. The purpose of this book is to prepare us for the many thought responsive environments we will experience. William Buhlman teaches and lectures worldwide on the subjects of out-of-body experiences and spiritual empowerment. Visit the author at [www.astralinfo.org](http://www.astralinfo.org).

"Now how did I get here?" is the first thing Charlie the Carbohydrate(formally Charlie Bucket) said. "You wished for it, Charlie!" boomed a very loud voice. "Could you please rewind and tell us again, Mr. Wonka?""Us? What do you mean by us, Charlie?""Me and the readers, Mr.

Wonka!""Oh!"\_\_\_\_\_ "An Adventure Through the Human Body" is a book for all the kids who want to dive further in the field of human sciences(anthropology).
