I Am a Strange Loop is a 2007 book by Douglas Hofstadter, examining in depth the concept of a strange loop to explain the

Get Free I Am A Strange Loop Douglas R Hofstadter

sense of "I". The concept of a strange loop was originally developed in his 1979 book Gödel, Escher, Bach. In the end, we are self-perceiving, self-inventing, locked-in mirages that are little miracles of self-reference.

I Am a Strange Loop - Wikipedia

You will not go away understanding what Hofstadter means by "A Strange Loop". Expecting science or philosophy, you will find autobiography. For those who are curious to find the very best of Hofstadter's ideas, stripped of the autobiography, I highly recommend "Surfaces and Essences". For the "fans", this is not a book you want to miss.

Get Free I Am A Strange Loop Douglas R Hofstadter

So a strange loop is not a necessary condition for consciousness. If you want to read a far more disciplined analysis of consciousness, I can strongly recommend the works of Hofstadter's friends, David Chalmers and (especially) Daniel Dennett. Or try Thomas Metzinger. Sorry Hofstadter, you must try harder.

I Am a Strange Loop (Audio Download): Amazon.co.uk ...

When I saw a copy of “I Am a Strange Loop” in a used-book store, and Hofstadter said in the intro it was his update of “Godel, Escher, Bach,” I figured this was my chance to rediscover the concepts in “Godel, Escher, Bach.” Well, I did, but I can’t say I was happy with the result.

I Am a Strange Loop by Douglas R. Hofstadter

Get Free I Am A Strange Loop Douglas R Hofstadter

“I Am a Strange Loop scales some lofty conceptual heights, but it remains very personal, and it’s deeply colored by the facts of Hofstadter’s later life. In 1993 Hofstadter’s wife Carol died suddenly of a brain tumor at only 42, leaving him with two young children to care for . . . I Am a Strange Loop is a work of rigorous thinking.” — Time “Almost thirty years after the ...

I Am a Strange Loop - Douglas Hofstadter

If it cannot, then how can you or I be here? I Am a Strange Loop argues that the key to understanding selves and consciousness is the “strange loop”—a special kind of abstract feedback loop inhabiting our brains. The most central and complex symbol in your brain is the one called “I.”

[PDF] [EPUB] I Am a Strange Loop Download

I Am A Strange Loop by Douglas Hofstadter Scott O'Reilly loops the loop with Douglas Hofstadter. "You would not find the boundaries of the soul no matter how many paths you traveled, so deep is its measure." Today, more than two thousand years after Heraclitus wrote those words, science has shrunk the boundaries of the soul considerably.

I Am a Strange Loop Quotes by Douglas R. Hofstadter

A Strange Loop is a musical with book, music and lyrics by Michael R. Jackson. The show had its world premiere Off-Broadway at Playwrights Horizons and ran from May 24 to July 28, 2019. The original cast recording was released on September 27, 2019 on Yellow Sound Label. The album peaked at number 6 on the Billboard Cast Albums chart.

A Strange Loop - Wikipedia

" I Am a Strange Loop is vintage Hofstadter: earnest, deep, overflowing with ideas, building its argument into the experience of reading it-for if our souls can incorporate those of others, then I Am a Strange Loop can transmit Hofstadter's into ours.

I Am a Strange Loop: Hofstadter, Douglas R: 8601419969142 ...

A strange loop is a cyclic structure that goes through several levels in a hierarchical system. It arises when, by moving only upwards or downwards through the system, one finds oneself back where one started. Strange loops may involve self-reference and paradox.

Strange loop - Wikipedia

This book argues that the key to understanding selves and consciousness is a special kind of abstract feedback loop inhabiting our brains. Deep down, a human brain is a chaotic soup of particles, on a higher level it is a jungle of neurons, and on a yet higher level it is a network of abstractions that we call "symbols."

I am a strange loop : Hofstadter, Douglas R., 1945- : Free ...

Get Free I Am A Strange Loop Douglas R Hofstadter

I Am A Strange Loop is well-known and loved by lots of geeky readers, but I can't really count myself as one of them, sadly. I wanted to like this book because of its many recommendations by fellow nerds, but it's hard-going. Hofstadter is fascinated, obsessed with the idea of self-referential paradoxes, or 'loopiness' as he calls it. Woe betide you if you find them even slightly less ...

feedback loop inhabiting our brains. The most central and complex symbol in your brain is the one called "I".

I Am a Strange Loop Audiobook | Douglas R. Hofstadter ...

There is much here and I do not doubt that writing "I am a Strange Loop" was a labor of love in more ways than one. It is, as with other somatic theories, even possible that oscillating fields in the brain have a lot to do with consciousness and personal identity. There are still reasons to believe that this is not the whole story.

through music, machines and the mind.

I is a strange loop | Barbican

I Am a Strange Loop argues that the key to understanding selves and consciousness is the "strange loop"-a special kind of abstract feedback loop inhabiting our brains. The most central and complex symbol in your brain is the one called "I." The "I" is the nexus in our brain, one of many symbols seeming to have free will and to have gained the paradoxical ability to push particles around ...
