The I Can Fly Reading Program, Books A & B, are lesson-based workbooks which provide lessons in phonics for children who are just beginning to learn to read. The methods used in this program are based on the Orton-Gillingham approach, in that every sound and spelling rule is taught in a structured, cumulative manner with repetition. Perfect for all young students, especially those who have learning delays, speech and language difficulties, APD, autism, and those with a family history of dyslexia and may be dyslexic. This program is perfect for homeschooling, tutoring and for parents who need to help their children. There's no training needed, and the program is step-by-step, requiring no planning or lesson preparation. This program can also be used in the classroom with our Kindle version for the Smart Board or for remote teaching. All that is needed is the Kindle App (which can be used on PCs and Macs). A web app is available to augment the program. Go to: ICanFlyReadingProgram (dot com). This book is colorful, with large text and a simple layout that is created to be visually appealing to children. The program comes in two books, Book A and Book B. Book A: the alphabet, consonants, vowels, consonant blends, FLOSS words, high frequency words, 'ch', 'sh', 'th', 'ck', 'ng', 'nk', VCV, 'oo', 'ou' and 'ow' as /ou/. Book B: 'ow' as long 'o', 'ay', 'ar', 'er', 'ir', 'or', 'ur', 'oy', 'oi', long vowel teams, the letter 'y', words ending with 'ie', 'ew', long 'o' words, long 'i' words, 'qu', 'au', 'aw', 'alk', 'ct', 'ea' as short 'e', protecting short vowels, and past tense words.

This book is to celebrate the amazing life of Aaron Stephenson. Aaron was born with an extremely rare syndrome but defied the odds to lead a full and active childhood. Diagnosed with a muscle wasting condition at 7 years old, he ignored all the doctors and lived his life to the full. Aaron didn't just meet life head on, but wrestled it to the ground and beat it into submission. He was the one who made sure we went to swim with the dolphins every year. Aaron enjoyed, a wide range of sports, including rock climbing and canoeing. He jetted off to Lourdes a couple of times, loved Disney World and we even went to Lapland to meet Father Christmas where he lives. "Limited" was just not a word that sprang to mind when you thought about Aaron. Aaron did more, and touched the lives and hearts of more people in 14 years than most people could possibly hope to in 90 years. As Aaron's Daddy said to me afterwards, and I have quoted in the book "the only thing worse than losing Aaron would be never to had him in the first place". Peaceful now and swimming with his beloved dolphins for ever, our angel, the brightest star; Aaron. We love you!

Spring is here again at Cackleberry Creek and young Lulu is full of questions about everything! "When will I grow bigger? Why do cows eat grass? Why is the sky blue?" However, one thing Lulu knows for sure is, she isn't feeling very pretty or special today. She wishes she were a bird, a squirrel, a cat...anything but a green ole frog! With a little help from Mama and her pals, can she learn to love herself for being her? Through it all, Lulu learns that being special does not always mean being like someone else. In addition, maybe...just maybe, frogs can fly too! Kristy Jo Volchko lives in Pittsburgh, Pennsylvania. The "Cackleberry Creek" series is inspired by her time spent playing on her Grandmother Elizabeth's farm in Ohio. A portion of proceeds from this book will benefit various children's organizations and charities. Hold tight for more Cackleberry Creek adventures!
