"My heart wandered through the world constantly seeking after my cure, but the sweet and delicious water of life had to break through the granite of my heart." When the words of Rumi enter your heart, something softens, breaks, and is subtly reborn. That he wrote the words seven hundred years ago in a medieval Persian world that bears little resemblance to ours makes their uncanny resonance to us today just that much more remarkable. Here is a treasury of daily wisdom from this most beloved of all the Sufi masters—both his prose and his ecstatic poetry—that you can use to start every day for a year, or that you can dip into for inspiration any time you need to break through the granite of your heart.

I have one simple rule: no sexual contact. Yeah, I'm a male escort, but that doesn't mean my body's for sale. I provide companionship to women who can afford it and understand my rule. It's simple really. I need to be in control, not my body. Someone already screwed me once when I lost control, and not in the good way. So, no sexual contact. Sure. I'll kiss them, and I'll even give them a little strip tease if they don't mind seeing the scars from my SEAL days, but nothing more. Damn. At least that's the way it's supposed to be. The way it was. Until her. Until Serena. The little socialite gets under my skin and is hot as sin. I was just supposed to be her arm candy for a few events, but I can't help it. I want more. I want her. And I want to break my one simple rule.
