Amazon.co.uk: lightweight
ladders

The aluminium step ladders are often telescoping due to the light weight of the metal. Stainless steel is another option. Powder-coated steel and iron may also be used for the step ladders. Fibreglass is another option for the framing. Wooden step ladders are the shortest because of the wood's weight, which is heavier than other materials.

Step Ladders | eBay

The outside two lights are hung from a 1/2 inch threaded rod. I measured out

Read PDF Ladder Of Lights A Step By Step Guide To

on the ladder the center of the rung on each side, and drilled a 1/2 inch hole and placed the rod cross the hole. Using tape I measured out where I needed to cut the rod and took that over to the dremel with a metal cut wheel.
