Boys Overcome their most common and difficult challenges -- by the bestselling author who changed our conception of adolescent girls. Do you constantly struggle to pull information from your son, student, or athlete, only to encounter mumbling or evasive assurances such as "It's nothing" or "I'm good?" Do you sense that the boy you care about is being bullied, but that he'll do anything to avoid your "help?" Have you repeatedly reminded him that schoolwork and chores come before video games only to spy him reaching for the controller as soon as you leave the room? Have you watched with frustration as your boy flounders with girls? Welcome to Boy World. It's a place where asking for help

Showing emotional pain often feels impossible. Where sports and video games can mean everything, but working hard in school frequently earns ridicule from “the guys” even as they ask to copy assignments. Where “masterminds” dominate and friends ruthlessly insult each other but can never object when someone steps over the line. Where hiding problems from adults is the ironclad rule because their involvement only makes situations worse. Boy world is governed by social hierarchies and a powerful set of unwritten rules that have huge implications for your boy’s relationships, his interactions with you, and the man he’ll become. If you want what’s best for him, you need to

know what these rules are and how to work with them effectively. What you'll find in Masterminds and Wingmen is critically important for every parent – or anyone who cares about boys – to know.

Collaborating with a large team of middle- and high-school-age editors, Rosalind Wiseman has created an unprecedented guide to the life your boy is actually experiencing – his on-the-ground reality. Not only does Wiseman challenge you to examine your assumptions, she offers innovative coping strategies aimed at helping your boy develop a positive, authentic, and strong sense of self.

POPULAR MOVE "MEAN GIRLS".

At last, the solution for getting disorganized boys back on track.

Missed assignments. Lack of focus and enthusiasm. Falling grades. For too many boys and their frustrated parents, these are the facts of life. But they don't have to be. Top academic counselor Ana Homayoun has helped turn even the most disorganized, scattered, and unfocused boys into successful young people who consistently meet their personal and academic challenges. She does this by getting back to basics--starting with a simple fact: Most boys needs to be taught how to get organized, how to study, and--most important--how to visualize,

Boys embrace and meet their own goals. With an accessible and no-nonsense approach, Homayoun shows how to:

- Identify their son's disorganizational style
- Help him set academic and personal goals he cares about
- Design and establish the right "tools of the trade"
- Complete assignments without pulling all-nighters
- Help him tune out social pressure and fend off anxiety

Much more than a study guide, this insightful, user-friendly book provides a roadmap for the success too many boys have trouble finding--in school and in life.

The Owing Up Curriculum presents a unique and comprehensive approach to

preventing youth violence by targeting the root causes of bullying and other forms of social cruelty. It addresses issues such as racism, classism, and homophobia, as well as moral courage, perseverance, and commitment to ethical behavior. Separate sessions for girls and for boys combine group discussions, games, role-playing, and other activities to engage students in understanding the complexities of adolescent social culture.

Empower students to stand up for what matters Created in collaboration with children and teens, Owing Up helps young people identify and be critical of social issues in their lives—from bullying and harassment in the

classroom to systems of power and oppression in the world around them. While there is no one-size-fits-all curriculum, *Owning Up* takes us leaps forward by: Designing sessions to be easily facilitated by a school counselor, teacher, leader, or other professional in small group settings Combining discussions, games, and role-playing to engage adolescents in the complexities of social culture Exploring critical topics such as media analysis, gender, sexual harassment, racism, gossip, and self-image

Recognizing that boys' issues and problems have too long been ignored, Rosalind (a mother of two boys), decided to pull back

the curtain on "Guy World", working collaboratively with middle-school and high-school boys for a period of two years to chart the emotional terrain that boys inhabit. But as she was working on her book for the boys' parents, Rosalind realized that teenage boys themselves are in desperate need of guidance. They need a book, *The Guide*, that speaks directly to them (in a boy-friendly format and in their language) about the problems they face every day: How do you get out of the friendzone (where girls refuse to take you seriously)? What's the right way to react when getting made fun of? How do you talk to your parents so that they'll actually listen? With the help of hundreds

The only book with a program that is proven to solve the problem of female bullying, a controversial issue first exposed in the bestselling *Reviving Ophelia*. Stop the Hurting Mary Pipher's bestselling *Reviving Ophelia* triggered widespread interest in the culture of preteen and teenage girls and the seeming epidemic of relational aggression (bullying) among them. Gossip, teasing, forming cliques, and other cruel behaviors are the basis of this bullying, which harms both victim and

aggressor. Until now, no one has been able to offer practical and effective solutions that stop girls from hurting each other with words and actions. But in *Girl Wars*, two experts explain not only how to prevent such behavior but also how to intervene should it happen, as well as overcome the culture that breeds it. Illustrated by compelling true stories from mothers and girls, the authors offer effective, easy-to-implement strategies that range from preventive to prescriptive, such as how to -Adopt a "help, don't hurt" strategy -Provide positive role models -Teach communication skills online and off -Stress assertiveness, not aggressiveness -Learn conflict
