Trolling Motor Technical Resources, Guides and How-to's ...

After talking to Motorguide support I was told they have a 30 day replacement policy and the motor would NOT be replaced. I also found out that Motorguide doesn't repair their trolling motors they send them to dealers that do. I did speak to Tracker boats and the boat dealer in Ponca City, Oklahoma. Neither could or would offer any help.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

FIELD & STREAM, America ' s largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.
