The Microsoft Official Academic Courseware (MOAC) Office 2010 Series is the only Official Academic Course Material. The new and enhanced MOAC/ Microsoft Office PowerPoint 2010 by Catherine Binder features Enhanced Wiley Desktop Editions as well as many other enhanced features designed to re-enforce workforce skills. The addition of animated tutorials in the Enhanced Wiley Desktop Editions and WileyPLUS courses, textbooks include additional materials on different skill levels to help users keep pace. WileyPLUS and an automatic Office assignment grader provides immediate feedback on every assignment, to help users practice and hone skills at their own pace. MOAC/ Microsoft Office PowerPoint 2010 is built from the ground-up around the MOS® certification objectives- making it a great way to learn all the workforce-oriented tasks required for certification. The Test Bank now offers greater flexibility and provides more than 75 questions and 3 projects per lesson, as well as automated grading via OfficeGrader. Furthermore, the latest edition's use of color in screen captures allows users to follow on screen much easier, as screen captures will look the exact same as the application. Additional projects throughout the book helps users comprehend how a task is applied on the job. OfficeGrader functionality added to WileyPLUS provides immediate feedback on all homework, assignments, and projects and additional animated tutorials on key Office tasks provides additional help on difficult topics.

This book focuses on large and small group educational settings and offers brief strategies to engage learners to assure active learning strategies are core to the learning environment. The book opens with an introduction on active learning principles. Each chapter follows with a specific description of a strategy written by authors who are experienced in using the strategy in a classroom environment with students. The chapters are designed to be accessible and practical for the reader to apply in their learning environments.

Providing a timely and much-needed resource on LTAs, the book helps readers recognize the importance and nature of teachers' professional development, while also contributing to the process of educational change. In order to achieve a suitable level of educational and policy change, a research base for LTAs is called for. This book represents a step in the right direction, introducing readers to essential research on the central role of LTAs in language teachers' development. Although pre-service and in-service education programs, to be found at government and/or private institutions, are of great value, it is impossible to prepare teachers for all the challenges they will face throughout their careers. In response, many professional associations also provide a wide range of professional development activities for their teacher members. The book will be of interest to language teachers, graduate students, teacher educators and researchers, educational leaders and policymakers, as well as teacher associations.

This book constitutes the refereed proceedings of the Cryptographers' Track at the RSA Conference 2010, CT-RSA 2010, held in San Francisco, CA, USA in April 2010. The 25 revised full papers presented together with 1 invited lecture were carefully reviewed and selected from 94 submissions. The papers are organized in topical sections on public-key cryptography, side-channel attacks, cryptographic protocols, cryptanalysis, and symmetric cryptography.

Get expert techniques and best practices for creating professional-looking documents, slide presentations, and workbooks. And apply these skills as you work with Microsoft Word, PowerPoint, and Excel in Office 2010 or Office for Mac 2011. This hands-on guide provides constructive advice and advanced, timesaving tips to help you produce compelling content that delivers-in print or on screen. Work smarter-and create content with impact! Create your own custom Office themes and templates Use tables and styles to help organize and present content in complex Word documents Leave a lasting impression with professional-quality graphics and multimedia Work with PowerPoint masters and layouts more effectively Design Excel PivotTables for better data analysis and reporting Automate and customize documents with Microsoft Visual Basic for Applications (VBA) and Open XML Formats Boost document collaboration and sharing with Office Web Apps Your companion web content includes: All the book's sample files for Word, PowerPoint, and Excel Files containing Microsoft Visio samples-Visio 2010 is required for viewing

The purpose of this practical guide is to facilitate college students' academic success by fostering self-regulated learning skills or learning to learn through the use of Integrative Learning Technologies (ILT). It enables the college instructor, online instructor, instructional developer, or educator to envision, plan for, and implement customized instructional and curricular designs that foster learning to learn and motivate students to take ownership of their own learning. Specifically, this book demonstrates how college faculty who use Learning Management Systems (LMS) as well as emerging technologies such as Web 2.0 applications and social software can design learning tasks and course assignments that support and promote student: • goal setting • use of effective task strategies • self-monitoring and self-evaluation • time management • help seeking • motivation and affect Given the emphasis on retention of freshmen as a measure of institutional effectiveness, the focus on student success, and the increasing use of ILT in higher education, this book fulfills a dire need in the literature on the integration of technology and self-regulated learning.

Illuminating the Diversity of Cancer and Palliative Care Education examines a myriad of original approaches, techniques, methods, educational strategies and imaginative innovations within this vital field of medicine. Its contributors share a range of educational techniques and tactics from Neuro-Linguistic Programming to creative teaching strategies for bereavement support, allowing readers to reflect on best practice and inventive ways of working which can be used or adapted to suit. This book is an ideal companion to its sister volumes Innovations in Cancer and Palliative Care Education and Delivering Cancer and Palliative Care Education.

A new paradigm for teaching and learning in the 21st century! Marc Prensky, who first coined the terms "digital natives" and "digital immigrants," presents an innovative model that promotes student learning through the use of technology. Discover how to implement partnership learning, in which: Digitally literate students specialize in content finding, analysis, and presentation via multiple media Teachers specialize in guiding student learning, providing questions and context, designing instruction, and assessing quality Administrators support, organize, and facilitate the process schoolwide Technology becomes a tool that students use for learning essential skills and "getting things done"
