ROLAND HS-60 Vintage Synth Plus via this auction "Fully refurbished and future-proofed. This is a Juno-106 with built in speakers. We paid our tech for 16 hours of skilled labor to completely refurbish and future-proof this unit so it will hopefully outlast all others of its kind. This work is of course reflected in its price.

This is the Roland HS-60 -- it's a Juno-106 with speakers and a less flashy paint job. In my opinion, it's probably the last cheap way to get that 100% authentic Juno sound. Cosmetically, this synth is in decent used condition. There are a few scratches/chips in the paint. Most of the plastic parts are a little yellowed.

Used (normal wear), The iconic 106 in consumer form. Sounds amazing. All keys keys/sliders work perfectly. A few things need to be fixed: The sustain bleeds through and needs to be fixed. The chip is provided. The portamento knob is also loose. You can see that its missing the on/off button for portamento and one of the sliders needs a knob (\$3.50 on ebay) Overall some very small tasks to own ...
