The show is based on Leigh Bardugo's bestselling Grisha novels ... to grace our screens. They grunt as their bare skin slaps onto the canvas. The over-excited crowd. The outfits are divine ...

Grace's life is a mess. Daniel is still a werewolf, Talbot can't be trusted, and Caleb is still out there. With Sirhan's impending death, war seems imminent. Will Grace give in to the wolf to save her family? What will happen to Daniel . . . and can their love survive one last test?

Grace Divine, daughter of the local pastor, always knew something terrible happened the night Daniel Kalbi disappeared--the night she found her brother Jude collapsed on the porch, covered in his own blood--but she has no idea what a truly monstrous secret that night held. The memories her family has tried to bury resurface when Daniel returns, three years later, and enrolls in Grace and Jude's high school. Despite promising Jude she'll stay away, Grace cannot deny her attraction to Daniel's shocking artistic abilities, his way of getting her to look at the world from new angles, and the strange, hungry glint in his eyes. The closer Grace gets to Daniel, the more she jeopardizes her life, as her actions stir resentment in Jude and drive him to embrace the ancient evil Daniel unleashed that horrific night. Grace must discover the truth behind the boy's dark secret...and the cure that can save the ones she loves. But she may have to lay down the ultimate sacrifice to do it--her soul.

This non-stop sequel to The Dark Divine delivers an even hotter romance and more thrilling action than Bree Despain's first novel. Grace Divine made the ultimate sacrifice to cure Daniel Kalbi. She gave her soul to the wolf to save him and lost her beloved mother. When Grace receives a haunting phone call from Jude, she knows what she must do. She must become a Hound of Heaven. Desperate to find Jude, Grace befriends Talbot--a newcomer to town who promises her that he can help her be a hero. But as the two grow closer, the wolf grows in Grace, and her relationship with Daniel begins to crumble. Unaware of the dark path she is walking, Grace becomes prideful in her new abilities--not realizing that an old enemy has returned and a deadly trap is about to be sprung. Readers ravenous for more Grace and Daniel will be itching to sink their teeth into The Lost Saint.

Fan-favorite author Bree Despain continues her modern-day romance trilogy inspired by the Greek myth of Persephone and Hades with this second book in her Into the Dark series. Haden Lord, the disgraced Prince of the Underrealm, has chosen love over honor and will do everything in his power to protect Daphne Raines, the human girl he was supposed to bring to the Underrealm. Haden's choice is put to the test as the Skylords and a figure from his past arrive in Olympus Hills with a plan that could destroy all of the realms. Embracing her destiny as the Cypher, Daphne begins to understand the immense power of her musical ability to control the elements, but she must come to terms with her feelings for Haden and what she must sacrifice in order to protect him and her friends. Believing the Key of Hades is the only thing that can stop the Underrealm Court from releasing the monstrous Keres on the mortal world, Haden, Daphne, and their friends set out to find the Key before Persephone's Gate opens again on the spring equinox.

In the boldest and most daring book either author has ever written, Andrew Harvey and Carolyn Baker confront us with the life and death reality of the global crisis and the fact that four crucial strategies must be employed not only to survive the dark night, but to inhabit our bodies and our lives with passionate authenticity, honesty, vigilance, community, compassion, and service. These strategies are Reconnection, Resistance, Resilience, and Regeneration. Deep and unprecedented reconnection with self, others, and Earth must be our mission, regardless of the outcome. Distinguishing between problems which have solutions and predicaments which can only be responded to, Harvey and Baker articulate precisely how we have arrived at this unprecedented juncture and offer strategies of resistance against the fundamental enemies of humanity and the Earth. Such a response demands of us something far deeper than what conventional religions and visions of activism call for--nothing less than living and acting from the Sacred Self, both without illusion and totally committed to compassion and justice even, if

necessary, in hopeless situations. With Trump, its as if the Titanic has hit the iceberg. We are the passengers. The only question before us, and before the whole world, is how we stop the ripping of our hull. The original Titanic sunk due to human arrogance. There is still time for us to save ourselves with the power of humility, resistance and renewal. This book offers a compelling and profound pathway for human survival after hitting the iceberg. Jim Garrison, Founder and President of Ubiquity University. A powerful manual for a spiritual revolution! Read it, pray it, reflect on it, and then start acting on it...because the future of the world depends on it. Adam Bucko, co-author of Occupy Spirituality and The New Monasticism

Cassie Porter's family has always pushed her to be an agent for Veritas, the agency responsible for policing nearly all aspects of life for witches living side by side with "regulars." Mixed magick, a result of her mixed blood, leaves Cassie's power volatile. It's only by standing on her own that Cassie untangles her power, and Drew Carter, new to the magickal world, finds the world where he really belongs.

This book is to encourage women to be savage in their everyday life, but not by your standard definition. This is to remind women that it's ok to set a standard and live with a standard unapologetically.

Drew Maddox is a rough Private Investigator who believes what his eyes can see and his senses feel. He has very little use for imagination and flights of fantasy annoy him, yet when a naked woman suddenly appears on the road in front of his truck it sends his brain tumbling and his life into a spiral of myth he can barely comprehend. Pandimora wears her name well, causing her own flurries of Pandemonium just by existing. Born to a mother rumored to have the madness in her, Pandimora is different than most fairies in the Realm of Aisywel. She has little regard for the incredible histories of her people, nor of the supposed rules. While not an outright rebel, she skirts the laws of Faerie propriety, but no more so than when she overhears a conversation her ears should never have found. A high elder, one of the strongest and most magical of her people has committed a crime - and now he knows that she has heard, and seen him. Pandimora has fled, but not before the elder, Lukais wraps his dark tentacles of power around her, poisoning her and barring the doors to her realm - forever. Hurt and grieving, Pandimora awakens on a snowy road - moments from being hit by Drew Maddox's fast moving truck. Her senses muddled, her powers muffled and her entire sense of self shaken, Pandimora reaches out to Drew in desperation, finding in him the young boy she once danced with in a field. With cord of attachment fully realized between them, Faerie magic is at play, pulling them both deep into a mire of intrigue and deceit - one that sets this unlikely pair against an entire realm of mystical beings with their own rules, trials and meanings. "Find Me" is Book One in the new Faeries Lost Trilogy - an epic journey into the center of the unknown and the hearts of two souls that can never be.
