Troubleshooting tips Check that your BlueCurve TV Player (XG1v3) is plugged in and powered on. When the box is properly powered, it will have a light on the front. Check that the TV is powered on and set to the appropriate input source for the TV box.

Basic troubleshooting tips for BlueCurve TV

Sky Tv Troubleshooting Guide Why does my Sky box say that no listings are available? The Sky boxes get the TV listings (TV guide) via the default transponder. If no listings are available then the first thing to do is to check the signal strength of your satellite feed. If both look ok (greater than 50%) then it may be a software fault. SKY+ box maintenance
