In a post-apocalyptic world overrun by zombies, the survivors at an outpost place their survival in the hands of battle-hardened teen Gus, who considers wrenching choices while preparing his people for battle against a slaver army.

In the contested and unexplored territories at the edge of the Empire, a boat is making its laborious way up stream. Riding along the banks are the mercenaries hired to protect it - from raiders, bandits and, most of all, the stretchers, elf-like natives who kill any intruders into their territory. The mercenaries know this is dangerous, deadly work. But it is what they do. In the boat the drunk governor of the territories and his sons and daughters make merry. They believe that their status makes them untouchable. They are wrong. And with them is a mysterious, beautiful young woman, who is the key to peace between warring nations and survival for the Empire. When a callow mercenary saves the life of the Governor on an ill-fated hunting party, the two groups are thrown together. For Fisk and Shoe - two tough, honourable mercenaries surrounded by corruption, who know they can always and only rely on each other - their young companion appears to be playing with fire. The nobles have the power, and crossing them is always risky. And although love is a wonderful thing, sometimes the best decision is to walk away. Because no matter how untouchable or deadly you may be, the stretchers have other plans.

And Fisk and Shoe - unlikely heroes, very likely mercenaries - must find their way to Fisk's wife and child, who he has never seen. There might be quite a lot in their way. A war, for one thing. But Livia is as determined as Fisk to be reunited. And Shoe may have a plan...

The world is on the brink of war. Fisk and Shoe - mercenaries, very much not wanting to get caught in the middle of a political whirlwind - must deliver a very important message, and find a very dangerous man. They have caught the eye of the powerful men of the world, and now the stakes are higher than they like. And the Emperor has decreed that Livia Cornelius, pregnant with Fisk's child, must travel to the far lands of the Autumn Lords on a diplomatic mission. It will mean crossing half the world, and facing new dangers. And in the end, she will uncover the shocking truth at the heart of the Autumn Lords' Empire. A truth which will make the petty politics of war and peace unimportant, and will change the world.

The award-winning and critically-acclaimed master of horror returns with a pair of chilling tales—both never-before-published in print—that examine the violence and depravity of the human condition. Bringing together his acclaimed novella The Sea Dreams It Is the Sky and an all-new short novel My Heart Struck Sorrow, John Horner Jacobs turns his fertile imagination to the evil that breeds within the human soul. A brilliant mix of the psychological and supernatural, blending the acute insight of Roberto Bola o and the eerie imagination of H. P. Lovecraft, The Sea Dreams It Is the Sky examines life in a South American dictatorship. Centered on the journal of a poet-in-exile and his failed attempts at translating a maddening text, it is told by a young woman trying to come to grips with a country that nearly devoured itself. In My Heart Struck Sorrow, a librarian discovers a recording from the Deep South—which may be the musical stylings of the Devil himself. Breathtaking and haunting, A Lush and Seething Hell is a terrifying and exhilarating journey into the darkness, an odyssey into the deepest reaches of ourselves that compels us to confront secrets best left hidden.

THE EMPIRE STATE IS THE OTHER NEW YORK. A parallel-universe, Prohibition-era world of mooks and shamusas that is the twisted magic mirror to our bustling Big Apple, a place where sinister characters lurk around every corner while the great superheroes that once kept the streets safe have fallen into dysfunctional rivalries and feuds. Not that its colourful residents know anything about the real New York... until detective Rad Bradley makes a discovery that will change the lives of all its inhabitants. Playing on the classic Gotham conventions of the Batman comics and HBO ' s Boardwalk Empire, debut author Adam Christopher has spun this smart and fast-paced superhero-noir adventure, the sort of souped-up thrill ride that will excite genre fans and general readers alike.
