## **The Globalization Paradox in a Nutshell | Dani Rodrik**

Rodrick presents the globalization paradox, or trilemma, that we

cannot simultaneously pursue democratic politics, self-determined

states, and economic hyper-globalization. Therefore, he calls for a

"smart," rather than a "maximum," globalization, where a thin layer

centuries of economic history, Dani Rodrik argues for a leaner global system that puts national democracies front and center.

### **The Globalization Paradox: Democracy and the Future of the ...**

Dani Rodrik's "The Globalization Paradox: Democracy and the Future of the World Economy" portrays the challenges of the implications that our current model of globalization relies upon. Rodrik's work reveals both the implications and connections of the relationships between markets, the states, and globalization in the currently changing world.

### **The Globalization Paradox Summary - 1640 Words | 123 Help Me**

The "globalization's conundrum" is summarized in the following words: [G]lobal markets are doubly problematic: they lack the institutional underpinnings of national markets and they fall between existing institutional boundaries. This dual curse leaves economic globalization fragile and full of transactions costs. . . .

The new vision of hyper-globalization suffered from two blind spots. One was that we could push for rapid and deep integration in the world economy and let institutional underpinnings catch up later. The second was that hyper-globalization would have no, or mostly benign effects on domestic international arrangements.

«The globalization paradox». Reflections and findings from Dani Rodrik's work. by Francesco Capriglione Abstract: The relevant socio-political implications connected to the significative changes of the global economic situation produced by such phenomenon need to be verified. In this regard, the analysis of the relationship between market globalization and political institutions carried out by Dani Rodrik appears to be crucial.
