Note: this is a 5.5" x 8.5" (13.97 x 21.59 cm) size coloring book, similar to A5 padfolio size; perfect for purses, briefcases, backpacks. "Take it offline," "Let's get the ball rolling," "Ping me," and of course, "synergy." These are just some of the worst clichés that have come out of corporate America. It's a known fact that prolonged exposure to these office sayings can lead to increased eye-rolling, annoyance and strain of the facial muscles from too much fake smiling when hearing these from your manager. To combat this, we've created this corporate clichés adult coloring book as much needed stress therapy; a fun, passive-aggressive way to take out your angst against these ridiculous office sayings that have taken over your meetings, memos and emails from your company's higher ups. We've taken 19 of the most annoying corporate clichés and translated them into hilarious, literal translations that you can color and poke fun at. Most are even workplace friendly so you can hang them on your wall without your manager giving you the stink eye (well, depending on where you work ... hmmm time for the disclaimer: we make no promises on whether you'll get the stink eye if you pin pages of this book to your office / cubicle wall, so you assume the risk on that!). \*\*\*Benefits\*\*\* -We've taken 19 of the most ridiculous corporate clichés that have ended up on top business publications' "must stop using list" and translated them into hilarious, literal representations. -5.5" x 8.5" (13.97 x 21.59 cm) similar to A5 padfolio size; perfect for purses, briefcases, backpacks. -The perfect birthday, stocking stuffer, white elephant, secret Santa, gift for a co-worker, friend or loved one who has to suffer thru these clichés on a daily basis. -Studies have shown that adult coloring books are perfect stress therapy. We even consulted with a few therapists who confirmed this. And let's face it, hearing corporate clichés over and over is not fun! But what is fun is poking fun at them in a passive-aggressive way that can relieve stress! -Unlike most coloring books, each illustration is a carefully crafted theme, tied to a specific cliché and not simply random patterns. -Coloring book images are only on one side of the page (we didn't double dip!). -But not to waste the space, we put some fun stuff on the reverse side of each page: a corporate-speak definition, fun trivia and a hashtag on so you can post pictures of your artwork on social media. -We even included a fun all-occasion gift checklist inside the cover so you don't have to buy a separate gift card. You can be cheap and environmentally friendly at the same time!

Jess has been in love with her best friend, Kate, for seven years, but her feelings have never been returned. One night they sleep together, and Jess finds out how much it is possible to be hurt by someone close. Jess and Kate struggle to redefine their friendship. They spend a week at Jess's family holiday house in a small seaside town, Awatangi, intending to make the time to talk things through, but the conversations never happen. Kate makes vague promises, but begins to have second thoughts. Jess wants Kate, and nothing else, and is heartbroken that isn't enough. Jess decides while everything is changing in her life that she doesn't want to go on living in the city, that she wants to return to Awatangi. Part of her hopes some physical distance between them may help things with Kate, and part of her frustrated and upset simply wants to leave Kate behind. In Awatangi, Jess meets Keri, a local lawyer who has also recently returned home. Like Jess, Keri surfs, and like Jess, she seems to feel some attachment to her family roots in Awatangi. Jess is drawn to Keri, but forces herself not to let anything happen. Despite everything, Kate is still Jess's closest friend, and she has loved Kate all her life. She feels she has to give the situation with Kate as long as she can to work itself out. Awatangi is about coping with feelings for a close friend that are not returned, set in a small holiday township on the West Coast of the South Island of New Zealand. It is an exploration of getting what you've always wanted and it not being enough, of being in love with one person and wanting another, and of finding out that life doesn't always turn out as expected.

Did you know that by adding a few simple steps to your selling process you could achieve sales you only dreamt of in the past? GoodbyeSellingProblems.com provides a 12 step system that you, as a business owner, or you, as a sales manager, can implement in less than a day and dramatically increase your results. Your sales efforts become much more productive and less stressful. It provides a

framework for small businesses to structure their sales process. It strips away all the "fluff" and confusion that you encounter with most expensive sales training courses. The simple 12 step system provides a "nuts and bolts" approach to selling. It allows you to enter every sales situation with a purpose for closing the sale and gets you away from the deadly "sales visit" dilemma that most business owners and sales professionals fall into. In a just a few hours, you can literally gather the information that system introduces you to and make the most powerful sales presentation your company has ever encountered. When this system becomes part of your selling culture, it will provide you with improved sales, greater margins, and eliminate the competition. Author, Buzz Glover, after quietly reviewing and critiquing the sales people that called on him in his own businesses for over 15 years, became disillusioned with the fact that the great majority of salespeople were ill-prepared to sell their products or services. He knew that if he could introduce them to a system that he had developed and refined as a salesperson (and later as a sales manager), they could easily become much more effective at closing more sales faster! The system became a reality when he wrote this book as a companion to his system's website, [www.goodbyesellingproblems.com](http://www.goodbyesellingproblems.com). Through this sales system he is confident that he can change the way small businesses sell and make fundamental cultural changes in their approach to marketing their products and services.

This is a story of Robert Bagley's biography - his: family, faith, entrepreneurship, corporate sales experience, and then diving into being a full time reseller on Amazon and back to corporate America (due to "Lessons Learned") - putting his Amazon business back to part time. This is not a "how-to" book for how to sell on Amazon and Ebay, just sharing my story and a few best practices I learned along the way. Please don't purchase this book if you want a step-by-step tutorial on how to be a re-seller on Amazon and Ebay. As a young professional, Robert Bagley climbed and overcame many corporate mountains eventually earning a high six-figure income with several Fortune 500 companies. Still, something was missing from his vocational career and he knew that he needed to add a small business to his lifestyle. This would bring a change that not only involved a lot of personal risks, but a good amount of faith as well. And, not just faith in himself. And so he embarked on what would prove to be the most incredible game-changing season of his life. You'll be inspired, motivated, challenged, and moved-to-action by Robert's life-story and how selling on Amazon and eBay pulled his career toward a whole new path of becoming an eCommerce entrepreneur.

Sometime in the present, corporate tyranny reigns supreme. To stop this madness, what can one person do? What can anybody do? Impassioned environmental activist and nightclub saxophonist Michael Quinn, and his techie guru sidekick, Simon, the mischievous circus clown, believe they, and the ubiquitous Wasteful Management team, have the answer for one day... several multinational corporation chief executive officers (CEOs), infamously renowned for their egregious actions, are mysteriously disappearing across the globe. They are "removed" from society in ways that illustrate poetic justice, as exemplified by the CEO of big agribusiness Tyrannex Inc. who is trampled by a giant GMO tomato in a remote part of India. Michael and Simon realize their window of opportunity is narrow, as Harry Potter and Bilbo's nemeses pale in comparison to real life's Multinational CEO sociopaths, whom Michael and Simon must overcome to save the day and the planet! Jim Hightower says, "Wasteful Management is a refreshing combination of intrigue, humor, camp and serious politics, fusing the gravitas of a Noam Chomsky or a Bill Moyer with the edgy, stinging social commentary of a Jon Stewart or a Stephen Colbert, into a satirical mystery romp." Are you ready for the challenge? Bring your popcorn and come prepared to "boo, hiss" the villain and "cheer!" for the hero; sit back, and enjoy the ride!

Do you feel like you struggle to make time for everything? We are living in a time-poor society, working more than ever and with less time for ourselves and family. The pressures and stress of the obligations we feel we have, often leave us without time to do everything that we would like to. More critically, we lack the time to reflect, review our lives and consider our direction. Time to contemplate if the decisions we are making are going to lead us to a life of purpose or an old age filled with regret. Time for Anything is based on 5 years of research by Craig D Robinson. Using the techniques in this book, Craig went from working in an entry level position to, in just four years: start 2 companies, recharge with 12 weeks holiday a year, start a family, grow and sell his startups and retire at the age of 34. This book shows you how you too can have time for it all.
