Science and art do. Art = science. ** I used visual art analogies, but I think this is true for any art medium, including music, written word, spoke word, dance, mathematics, and cooking.

Why Art And Science Are More Closely Related Than ... - Forbes

Falling between the two fields of art and science, art therapy is a discipline of the human sciences. It extends the field of psychotherapy by adding art as a tool in the healing process. “ Art Therapy ” brings together several artistic practices (such as painting, dance, photography, etc.) which are used for therapeutic purposes along with scientific theories of psychology.
