Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Do you find yourself stuck in a regular 9 to 5 working hour job and longing for a taste of freedom from that tedious work routine, and wish to make more time for yourself? How to Spot Short-Term Trends, Trading Systems That Work, Money Management Techniques, and Patterns for Profit Become the ultimate trader! The Ultimate Trading Guide is your chance to get what every trader wants, but few have: the know-how to develop and correctly use a logic-based, reliable, and profitable methodology for successful buying and selling-now. In this complete tutorial, one of today's most respected analysts and his partners provide you with all you need to know to develop an original, computerized system that works for you. "Can you make money trading the markets with a system? You bet, and this is the book that shows how it's done, based on decades of research and actual trading."-Larry Williams, Author, Day Trade Futures Online and Long-Term Secrets to Short-Term Trading "Traders at all levels of experience will find a treasure chest of knowledge and guidance in The Ultimate Trading Guide. Advice from these expert authors, gained over decades of trading, research, and study of markets and systems, is virtually priceless. This book receives my highest recommendation."-Edward D. Dobson, President, Traders Press, Inc. "John Hill, George Pruitt, and Lundy Hill are the acknowledged masters in the design and development of mechanical trading systems. So it's no surprise The Ultimate Trading Guide gets my highest recommendation for those interested in the mechanized trading of stocks and futures." -Gary Smith, Author, How I Trade for a Living "A well-written and thoroughly enjoyable book. It is filled with refreshingly new ways of looking at the market, combined with valuable perceptions that can only come from John Hill's years of experience and the ability to see the big picture. My congratulations to John for his tenacity in delivering Futures Truth." -Perry Kaufman, Author, Trading Systems and Methods, President, Strategic Market Systems

? STOP Trading Options like Gambling Learn How to "Stick & Apply Basics" That Makes You Win Despite the Market Being Up, Down or Constant If you are Puzzled into the game of Futures and Options... Overwhelmed with information and technical terms... or even if you are planning to start your trading journey but not sure if you can make a good living out of it... then this message is just for you. Here's why... You can now fade away all your confusions and have a proper easy to follow roadmap to futures and options so that you can trade you need to realize; there is a cost to not dealing with this...? If you don't do something about it, get worse What most people do while trading options and losing money is; they treat this businesses like a gamble and guesswork... thinks they are missing some technical aspects... some secret sauce and pro-tips... buying tons overhyped courses... But for most people, none of that works. ?The primary problem is because of hitting the market unprepared, even though most people assume that they are prepared. ? You really want to get started with trading but don't know how, are there too many sources?Don't you know where to begin? Are the best guides too technical and full of unintelligible jargon?Would you like to invest, but you are not sure of the consequences?Maybe you are fed up with your cash flow not generating extra cash for you. The inflation is eating up your savings and every coin you have tried to invest has been robbed by commissions or bad advisors. All you need is a strategy, and you have finally found the only source that can provide you the foolproof one. Multiplying your money safely and quickly is possible. But you can't base your investments on the advises of your friends, blogs or training on demo. Without a proper guide your chances of success are very slim. Indeed you must invest in a ready-made solution so that you can have all the profits of trading options. You must become aware of the risks, distinguish the types of options and finding frauds underlying them. Ultimate Options Trading Crash Course will show you how to handle trading psychology and not make you guide by your emotions when you deal with options. Important insights into effective option strategies In The Complete Guide to Option Strategies, top-performing advisor Michael Mullaney explains how to successfully employ a variety of option strategies, from the most risky--selling naked puts and calls--to more conservative strategies using covered positions. The author covers everything from options on stocks, exchange-traded funds, stock indexes, and stock index futures to essential information on risk management, option "Greeks," and order placement. The book provides numerous tables and graphs to benefit beginning and experienced traders. Written by a CTA who has successfully employed various options strategies to generate market-beating returns, The Complete Guide to Option Strategies will be an important addition to any trader's library. Michael D. Mullaney (Jacksonville, FL) is a high-ranking commodity trading advisor who specializes in option selling strategies.

With Option Trading it is possible to generate regular monthly income from stock market. Market has enough for our need but not enough for our need but not enough for our greed. When Trading in Options, we predict where the market cannot go and strategize accordingly. While trading, have you ever wondered:1. What is market going to do next?2. How can you position yourself around that so that probability of profit is maximum?3. What should be the ideal option strategy, Risk: Reward, probability of winning?5. How to handle worst-case scenarios

Acces PDF The Ultimate Options Trading Strategy Guide For Beginners

and come out unscathed. Definitive Guide to Advanced Option Trading is answer to all these questions. When we execute a trade, it can result in: Big Win, Small Win, Break-Even, Small Loss & BIG LOSS. This book teaches you how to avoid the Big Loss and you automatically become profitable in the long run.

Stop settling for non-existent savings account rates and bank CDs which pay less than 1%... and start making your investments work for you again... If you're worried about the current market uncertainty, these 3 options strategies are your antidote to chaos. You can use them to generate consistent returns, no matter what happens to your stock. Making it the perfect income strategy, because you can use covered calls, credit spreads & iron condors to create instant cash, with premiums paid directly into your brokenage account. Even if you know nothing about options, this book will get you right up to speed. Here is just a fraction of what you'll discover: - The 6 criteria we use to select the best stocks to write credit spreads on - The vital difference between covered and uncovered calls - Options Greeks explained in 10 minutes - 3 rules for adjusting you only need to show for credit spreads. Ignore everything else, you only need these 3 beginner friendly metrics to get started - 10 effective ways to master the mental side of trading - The 5 best low-commission brokers for beginner options traders - Trade options like Warren Buffett? The world's greatest investor has used this specific strategy to make \$4.9 Billion over the past decade - 3 "non-negotiable" trading rules. Adhere to these and you will be ahead of 90% of amateur traders - Exactly what level the VIX should be at before you sell a spread. A backtest implementing this one tweak made the strategy 50% more profitable over 10 years worth of trades ...and much, much more! Plus, inside the book you get free access to a 9 part video course covering every aspect of profitable investing So even if you've never used options before, the book walks you through everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will
