Explains how to construct and deliver the most witty, memorable lines in conversation and in print. By the author of Thank You for Arguing. Original.

An introduction to the art of rhetoric explains how persuasion can profoundly influence personal and professional successes and reveals an array of techniques employed by such personalities as Aristotle and Winston Churchill.

Heroic goblin Jig, now known as a dragonslayer, embarks on his latest adventure, along with his pet fire-spider, when he is ordered by the conniving head goblin to defeat a terrifying enemy who is determined to destroy or enslave all of ogrekind. Original.

In this wickedly hilarious collection of fables, Alessandro Boffa introduces us to Viskovitz and his never-ending search for his true love, Ljuba. As he changes from a lovelorn lion to a jealous finch, from a confused dung beetle to an enlightened police dog, Viskovitz embraces his metamorphoses with wry humor and an oftentimes painful sense of self. As an ant, Viskovitz fights his way to the top where his egotism calls on the colony to create a monument to his greatness out of a piece of bread. As a sponge, he is horrified by the inbreeding in his family—"I'm my own mother-in-law!!!"—and yearns for a change in current so he can mate with Ljuba, who lies downstream. As a mantis, he asks his mother what his father was like, only to hear, "Crunchy. A bit salty. High in fiber." Unfortunately, when he meets Ljuba shortly thereafter, he follows his father's fate. And as a scorpion, his uncontrollably deadly efficiency meets its match in Ljuba and finds "no way to escape this intolerable, sinister happiness."

Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded. By the author of The Black Angel. 75,000 first printing.

A dystopian novel for the digital age, The Word Exchange offers an inventive, suspenseful, and decidedly original vision of the dangers of technology and of the enduring power of the printed word. In the not-so-distant future, the forecasted "death of print" has become a reality. Bookstores, libraries, newspapers, and magazines are things

Get Free Word Hero A Fiendishly Clever Guide To Crafting The Lines That Get Laughs Go Viral And Live Forever Jay Heinrichs

of the past, and we spend our time glued to handheld devices called Memes that not only keep us in constant communication but also have become so intuitive that they hail us cabs before we leave our offices, order takeout at the first growl of a hungry stomach, and even create and sell language itself in a marketplace called the Word Exchange. Anana Johnson works with her father, Doug, at the North American Dictionary of the English Language (NADEL), where Doug is hard at work on the last edition that will ever be printed. Doug is a staunchly anti-Meme, anti-tech intellectual who fondly remembers the days when people used email (everything now is text or videoconference) to communicate—or even actually spoke to one another, for that matter. One evening, Doug disappears from the NADEL offices, leaving a single written clue: ALICE. It's a code word he devised to signal if he ever fell into harm's way. And thus begins Anana's journey down the proverbial rabbit hole . . . Joined by Bart, her bookish NADEL colleague, Anana's search for Doug will take her into dark basements and subterranean passageways; the stacks and reading rooms of the Mercantile Library; and secret meetings of the underground resistance, the Diachronic Society. As Anana penetrates the mystery of her father's disappearance and a pandemic of decaying language called "word flu" spreads, The Word Exchange becomes a cautionary tale that is at once a technological thriller and a meditation on the high cultural costs of digital technology.

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Cold Gather begins as notorious, self-destructive glassblower Neil Bishop is diagnosed with a malignant, inoperable tumor. Told he has less than six months to live, he turns to his old friend, Jack Scanlon, to organize a Pre-Wake Party in their hometown to say good-bye to his friends. At the party, Jack gets his first real look at Neil's live-in lover of four years, Marla Stone. Neil has often vividly described Marla's fiendish temper and consuming libido. Jack is instantly pole-axed by her poise, her smoky beauty and her sensuality, generating this inebriated exchange at the end of the day: "I turned to my dear friend, this man with whom I had howled at the moon and raised so much hell across the years and said, 'Of course you realize that, as soon as you're cold, I'm coming after Marla.' He squeezed my shoulder, smiled broadly and said, 'You should do that.

Get Free Word Hero A Fiendishly Clever Guide To Crafting The Lines That Get Laughs Go Viral And Live Forever Jay Heinrichs

She'd be good for you.'He had never been more wrong, but sometimes we hear only what we want. I could not ignore an imprimatur like this."Neil is dead within three months of the party.It had been rumored over many years, (although no one had seen them), that Neil had finally completed his masterwork; seven large works of molded glass he called "The Deadly Sins." In 1994, he had given the first piece, "Lust", to Jack for safekeeping. The existence and whereabouts of the other six pieces were unknown until Jack's first trip to visit Marla in California. As an intensely passionate relationship unfolds between Marla and Jack, she finally takes him to see five mind-blowing pieces; Envy, Gluttony, Anger, Pride and Sloth-- bequeathed to her by Neil.Beautifully written, Tom Buechler's muscular first novel revolves around the tempestuous, often explosive, relationship between Jack and Marla as they fall in and out of love during their search for the missing Seventh Sin--Greed.In Cold Gather, Buechler showcases his trademark earthy dialogue and his unique gift for creating offbeat characters. He has crafted a robust story that is smart, bold and darkly funny with a satisfyingly twisted finale.
