Een Engelse jongen die via een internationaal uitwisselingsprogramma in een Oostenrijks gezin logeert zet op grappige wijze de boel op stellen.

Michael Schofield's daughter January is at the mercy of her imaginary friends, except they aren't the imaginary friends that most young children have; they are hallucinations. And January is caught in the conflict between our world and their world, a place she calls Calalini. Some of these hallucinations, like "24 Hours," are friendly and some, like "400 the Cat" and "Wednesday the Rat," bite and scratch her until she does what they want. They often tell her to scream at strangers, jump out of buildings, and attack her baby brother. At six years old, January Schofield, "Janni," to her family, was diagnosed with schizophrenia, one of the worst mental illnesses known to man. What's more, schizophrenia is 20 to 30 times more severe in children than in adults and in January's case, doctors say, she is hallucinating 95 percent of the time that she is awake. Potent psychiatric drugs that would level most adults barely faze her. A New York Times bestseller, January First captures Michael and his family's remarkable story in a narrative that forges new territory within books about mental illness. In the beginning, readers see Janni's incredible early potential: her brilliance, and savant-like ability to learn extremely abstract concepts. Next, they witness early warning signs that something is not right, Michael's attempts to rationalize what's happening, and his descent alongside his daughter into the abyss of schizophrenia. Their battle has included a two-year search for answers, countless medications and hospitalizations, allegations of abuse, despair that almost broke their family apart and, finally, victories against the illness and a new faith that they can create a life for Janni filled with moments of happiness. A compelling, unsparring and passionate account, January First vividly details Schofield's commitment to bring his daughter back from the edge of insanity. It is a father's soul-baring memoir of the daily struggles and challenges he and his wife face as they do everything they can to help Janni while trying to keep their family together.

'The story I'm going to tell is true. It happened to me. It is a tale of Gunpowdertown' Life for Cristal has been upside down for a long time. She can't even remember a time before the war began. Before potatoes for every meal and bombs raining down from the sky. Before being forced to shelter in the dark, damp cellars. Then one day, Cristal's home is turned into a pile of rubble and dust five metres high. But a chance offer saves her family. They move to the safety of a wealthy suburb, camping out amongst the chandeliers and family portraits of someone else's house. That is until the dreaded Russians roll into Vienna and move in too... #1 NEW YORK TIMES BESTSELLER • UTE DETTMAR'S "DIG DEEP" IS AN AWARD-WINNING, MODERN CLASSIC THAT WILL REMIND READERS THAT ADVENTURE IS RIGHT AROUND THE CORNER—or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center. Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times "Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from the New York Times bestseller Fuzzy Mud.
